

Constance Cheng has more than four decades of dedication to the equestrian industry and sports. She has been a horse owner and an active rider almost all her life. She joined the Bukit Timah Saddle Club (BTSC) in the early 1970s. During her 17 years from 1976 in Sydney, Australia while working in the Property Development and Investment of houses and apartments in the Eastern suburbs of Sydney, NSW and in the CBD Sydney commercial buildings, she continued to follow her passion for horses. There she owned and raced thoroughbred horses, as well as running a spelling station for professional racehorses at flood free Bringelly.

She was an amateur race jockey for a number of years in Singapore, Malaysia and Australia. Upon her return to Singapore in the early 1990s while continuing on her expertise in property construction with medium sized construction companies on a project basis and also design and construction work for family and friends including building her own bungalow, she continued to own and race horses within the Singapore Turf Club and ride regularly at the BTSC.

1971	She joined the Bukit Timah Saddle Club (BTSC).
2002	She served in the BTSC as Estate Sub-Committee Member in 2002, at which time she introduced and contributed several cost cutting alternatives to the Club.
2003-2004	She was the Racing Convenor at the Club.
2006	She was the Racing & Spelling Convenor, Member of Relocation Steering Committee and General Committee Member (co-opted).

At present, she owns and part-owns over 20 horses in and around Singapore, Malaysia, New Zealand and Australia. In her role as Racing Manager, she takes a very hands on approach with her horses, which includes attending weekly Tuesday morning track watch around 5:45am at the STC. She also owns a retired Melbourne Cup runner as her hacking horse at the BTSC.

Equestrian Club Memberships :

- Hong Kong Jockey Club (HKJC)
- Bukit Timah Saddle Club (BTSC)
- Singapore Polo Club (SPC)
- Australian Turf Club (ATC) in Sydney
- Thoroughbred Owners Association and Sports Trust (TOAST)

TOAST (Thoroughbred Owners Association and Sports Trust) :

She founded TOAST in 2003 and has been chairing the Committee till present.

(www.toast.org.sg)

TOAST was set up with the objective of promoting the ownership of Thoroughbred racehorses in Singapore. One of the ways in which TOAST achieves this is by allowing the public at large to either become part owners of Thoroughbred racehorses or allowing the horse racing enthusiasts to take up a stake in a Thoroughbred racehorse on leasing terms, where the stakeholder is entitled to a share of prizemoney for a period of time.

With regards to searching for a suitable 25 acres land from Singapore Land Authority (SLA) for spelling and pre training for racehorses in Singapore previously, Singapore Turf Club (STC) has withdrawn their support under the instruction from the Tote Board. This withdrawal of support had sadly put Singapore behind Hong Kong in caring for the welfare of the horses.
